

AT THE FOREFRONT OF CHANGE

**THE
IMPACT
PROGRAMME**

ABOUT US

WHY PACES?

At Paces, we believe every child, young person and adult deserves the opportunity to discover what they can do, not be defined by what they can't. We believe in ability - not disability!

We support people with Neurological conditions such as Cerebral Palsy, MS, Stroke , Parkinsons and other brain injuries, helping them develop independence, confidence and the skills they need to live life on their own terms.

For some, that might mean taking their first independent step. For others, learning a new skill, communicating their needs, gaining greater independence in everyday life, or simply having the opportunity to learn, play and belong alongside their peers.

Every person's journey is different. Every achievement matters.

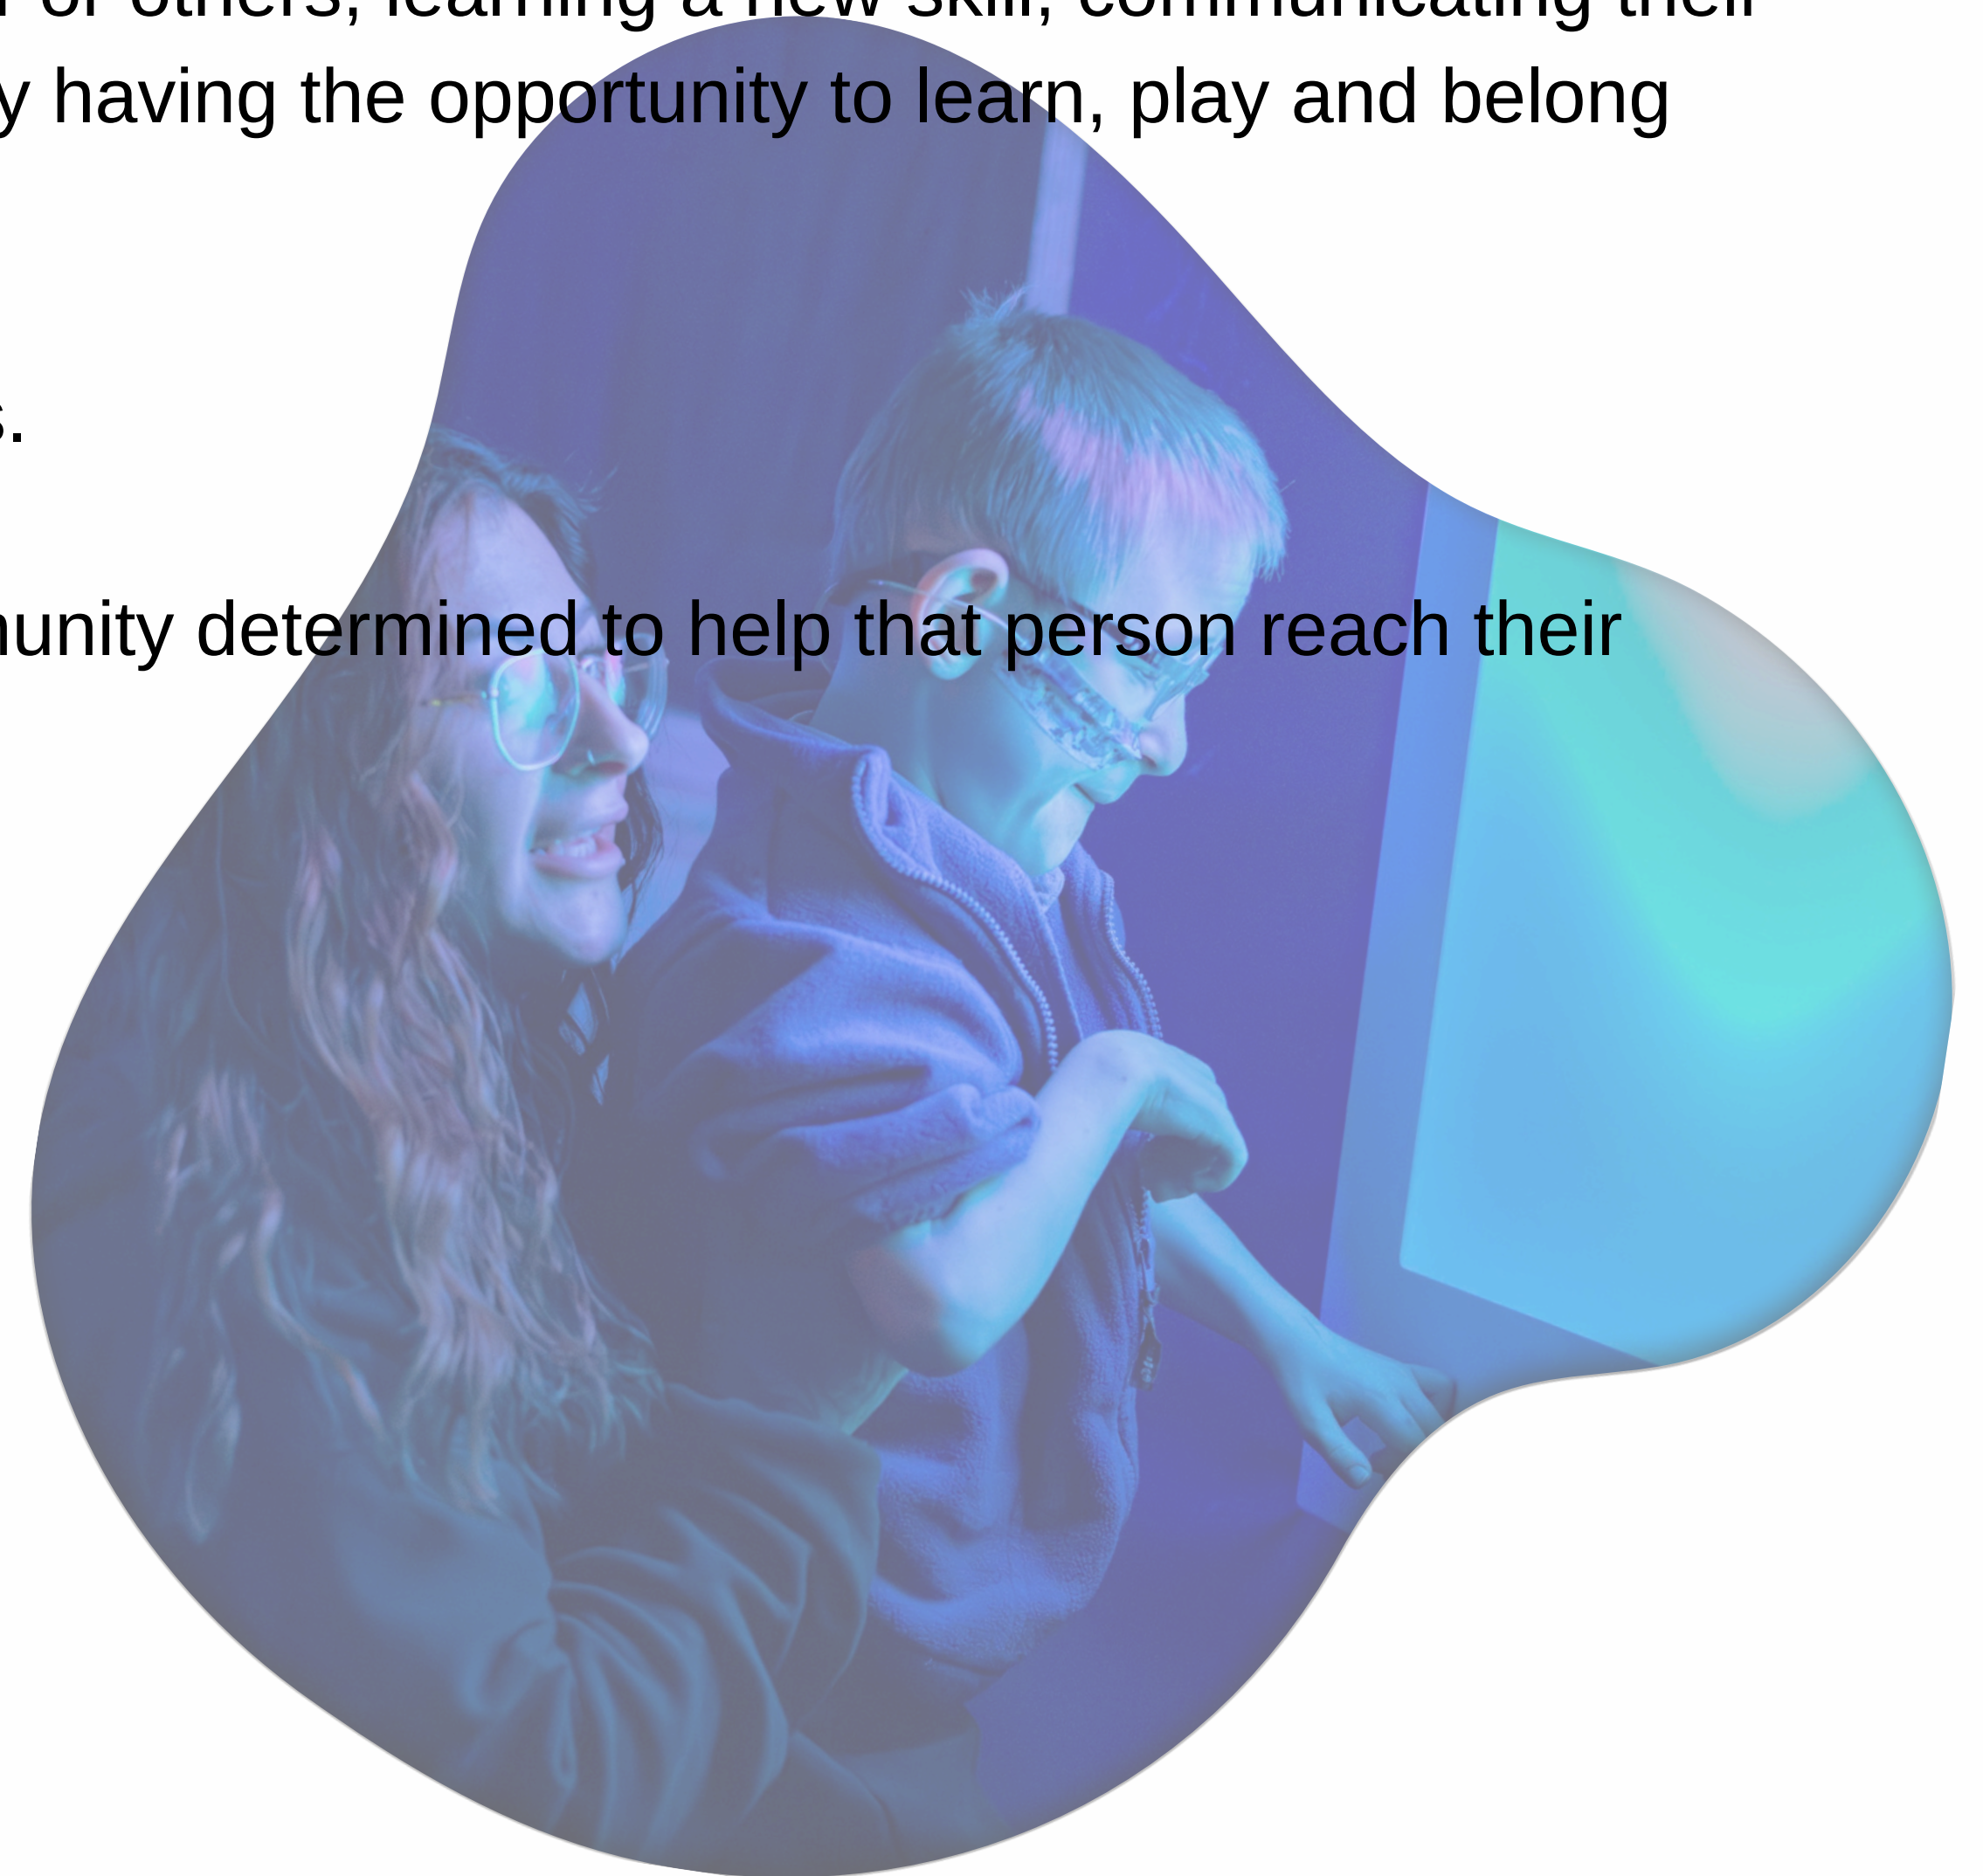

And behind every achievement is a family, a team and a community determined to help that person reach their potential.

That's why Paces exists.

*We made the decision for our son when he
was three to attend Paces*

It was the best decision we ever made!

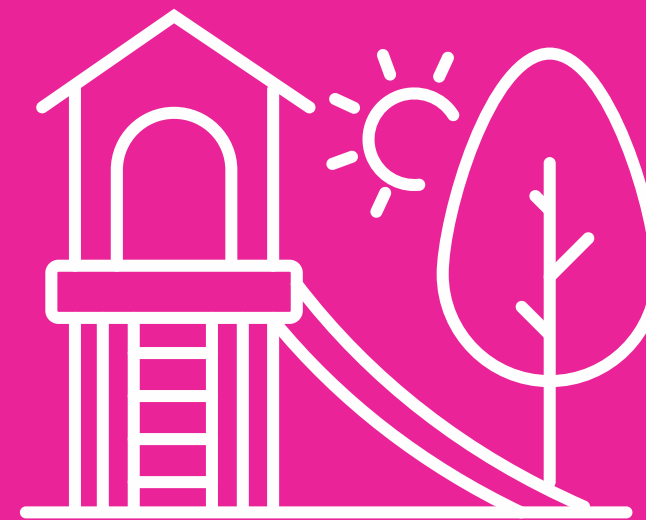

THE IMPACT WE CREATE

Thanks to the generosity of the incredible people we call partners and the relationships we have built, we have been able to achieve incredible things; from life-changing facilities to vital resources that open up new opportunities.

Here are some examples of what our supporters have contributed too and the lasting legacy they have created.

Over 100,000 hours of life-changing support for the children and adults who call Paces home every single year.

£50K raised at our Winter Ball for our inclusive playground.

Through our Parent and Child Programme we are able to offer support to babies and families from just 6 months old. This programme is 100% funded through partnerships.

Local feel, national support!
At Paces we support children and adults from all across the country.

Partnerships have allowed us to fund specialist areas such as sensory rooms & life-skills kitchens.

Paces is a community built on determination, collaboration and hope. We see first-hand the resilience of the people we support and the unwavering commitment of their families.

REAL SUPPORT. REAL CHANGE!

THE IMPACT PROGRAMME

MORE THAN A DONATION. A GENUINE PARTNERSHIP.

The aim of the Impact Programme is to build a community of organisations that want to truly be part of the future of Paces and help us shape what's to come.

By joining the Impact Programme, you'll help us continue our vital work whilst gaining valuable connections, visibility and opportunities for your organisation to not only fulfil your CSR ambitions, but to truly be part of a movement creating life-changing impact.

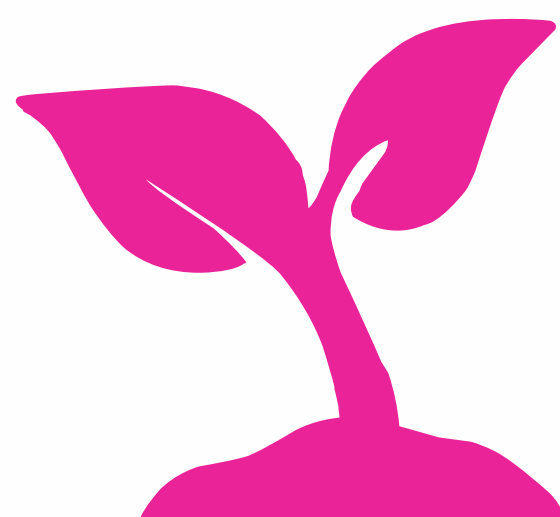

Support life-changing opportunities for our children and adults.

Build meaningful relationships with like-minded organisations.

Gain recognition across our communications and events whilst fulfilling your CSR goals. Also have your organisation feature at Paces sites.

Be part of a community making a life-changing difference.

TOGETHER, WE WON'T JUST SUPPORT PACES. WE'LL SHAPE ITS FUTURE.

A FUTURE BUILT FOR YOUNG ADULTS

COLLEGE PROVISION

Every year, Paces supports young people with complex physical disabilities as they take their next steps towards adulthood.

Our new Post-16 College Provision will support up to 15 young people aged 16-19 each year, helping at least 75 young people over its first five years.

Designed specifically for young adults, it will help students:

- Build independence through everyday life skills
- Prepare for adulthood with personalised goals
- Explore employment and volunteering
- Build confidence in the community
- Make choices and have greater control over their future

Students will continue to benefit from Paces' specialist Conductive Education approach and trusted support, within an environment designed around adulthood, ambition and independence.

Whatever their goal, we want every young person to leave Paces with greater confidence, greater independence and a future full of possibility.

Over the next 12 months every single organisation that commits to be part of the Impact Programme will be supporting this life-changing facility.

More than a college. A pathway to adult life.

PARTNERSHIP LEVELS

CATALYSTS

Catalysts are the driving force behind our future.

These are the organisations and individuals whose support enables us to think bigger, invest further and create transformational opportunities that simply wouldn't otherwise be possible.

Whether funding specialist equipment, supporting a classroom, investing in communication technology or helping develop new programmes, Catalysts play a pivotal role in shaping the next chapter of Paces.

As a Catalyst, you'll help to:

Fund transformational projects and programmes.

Create opportunities that change lives.

Open doors through your expertise, networks and influence.

Help shape the future direction and ambitions of Paces.

Champion inclusion and opportunity across your own community.

**ANNUAL
COMMITTMENT**

£5000

PARTNERSHIP LEVELS

FUTURE MAKERS

**ANNUAL
COMMITTMENT**

£1000

Future Makers are the heart of the Impact Programme.

They are businesses and individuals who believe in building something bigger than themselves, creating sustainable, long-term impact that helps children, adults and families thrive.

Collectively, Future Makers provide the strong foundations that allow Paces to continue changing lives every single day.

As a Future Maker, you'll:

Help create meaningful, lasting impact through annual support.

Champion the work and mission of Paces.

Raise awareness and inspire others to get involved.

Become part of a community committed to creating lasting change.
